

B70

LASCON

A die cast aluminium weather-proof and dustproof bulkhead with a polycarbonate diffuser. It is economically priced, and its pleasant clean appearance makes it a natural choice for many architectural installations

- High impact polycarbonate diffuser
- A closed seal self adhesive neoprene gasket fits around the flange of the bowl sealing out moisture
- die cast aluminium body powder coated in either white or black
- Available with an eye lid or with a wire grid

BODY – Die cast aluminium body powder coated white or black

DIFFUSER – High impact resistant polycarbonate
